## Inclusion Team

The Inclusion Team is a friendly and welcoming department and can offer excellent facilities. The Inclusion area offers a pleasant and well-resourced environment. There are 3 teaching classrooms each equipped with an interactive whiteboard and a smaller room available for 1:1 work. ICT equipment is available in all rooms via a wireless network. The department also has a meeting room available as well as the use of a small sensory room that was installed in the Summer of 2019.

We are very proud of the attainment of our vulnerable group pupils. Our ethos is to become the leading school based Inclusion Team in West Sussex and we believe we are well on the journey to being so.

We are a very inclusive school. The department aims are to deliver high standards of support to all vulnerable pupils across the school, to track and monitor individual pupil progress and to promote resilience and independence in our pupils. Over the last 8 years the department has developed a Nurture Group for pupils in Y7 and Y8 needing additional support.

As a department we enjoy working collaboratively and there is ample scope for the person appointed to help build on the successful developments to date. We offer a range of opportunities to get involved with extra-curricular activities including the support of many clubs and trips. We are a very close team who work together to ensure we are providing our learners with the best possible experiences, support each other's skills and liaise regularly to ensure consistency amongst our practice.

We are looking for a candidate who will help with the continued development of the Inclusion team, especially as we begin our journey as co-educational school from September. Enthusiasm is a must, together with a positive attitude. Good interpersonal skills, a high level of motivation and the ability to work well under pressure are all key attributes for this post.
